Ambassador Gerard's Wire Tells of Amicable Nature of the Reply from Germany

(By Associated Press.)
WASHINGTON, June 28.—A favorable reply by Germany to the last American note on submarines is indicated in advices from Berlin. The advices came from Ambassador Gerard. They are notably the first of a definite nature since the American note reached Germany. The exact nature of Gerard's message is not divulged. The dispatch contained sufficient details, however, to put the officials in an optimistic attitude.

(By Associated Press.)
LONDON, June 28.—From Lake Victoria Nyanza, Africa, British reports tell of a fruitful British attack on the German fortified port of Bukuba, in a land and sea movement. The fort was destroyed, the wireless station put out of action, and many boats sunk and guns captured.

MISS FULLER A BRIDE OF JUNE

RUDOLPH M. MERTON A HAPPY BENEDICT

ACQUAINTANCE FROM EARLIEST CHILDHOOD RIPENS INTO LOVE

Children together in Austin, where the latter was born and where the former came when a baby, friends through the years, the vows of matrimony were spoken Saturday evening by Rudolph M. Merton and Agnes May Fuller. The ceremony was performed at 8 o'clock at the home of the bride's sister, Mrs. Egan, on Florence avenue. The bridesmaid was Miss Marian Egan and the groom was attended by his brother, Leo Merton. Rev. Ralph W. Bayless performed the ceremony.

The bride for ten years was an operator in the office of the Nevada Telegraph and Telephone company and the groom is engaged in mining. They both came to Tonopah from Austin about twelve years ago and both enjoyed a large circle of friends. The room in which the ceremony was performed was prettily trimmed with flowers and evergreens. At the conclusion of the wedding the guests enjoyed a sumptuous dinner. Meanwhile a company of friends had gathered outside and gave them an old-fashioned serenade. Mr. and Mrs. Merton will begin housekeeping in a cozy little home on Florence avenue.

TODAY AND A YEAR AGO

Official readings of the thermometer by the United States observer at Tonopah:

BERLIN, June 28.—Malicz, in Galicia, on the Dniester, has been occupied by the Germans, according to an official dispatch. It is announced also that the Dniester has been crossed by the German army along the entire front.

ANNIVERSARY OF ASSASSINATIONS THAT RESULTED IN THE WORLD WAR

(By Associated Press.)
LONDON, June 28.—The anniversary today of the assassination at Sarajevo of Archduke Francis Ferdinand of Austria, which turned Europe into an armed camp, finds the struggle between Teutonism and Slavism for racial ascendancy nearing what is believed here to be high water mark, with the Teutonic armies for the most part still outwardly dominating the situation. Rumor continues respecting participation by the Balkan states. It appears that the Bulgarians are still receiving offers from both sides. It is reported that Serbia will decline to make separate peace. One year ago today the Austrian archduke, Francis Ferdinand, and his wife were shot and killed in the little Bosnian town of Sarajevo by Garvic Princip. It was the act of Princip, a poor student, which ultimately resulted in ten nations going to war. These nations are, on one hand, Great Britain, France, Russia, Serbia, Japan, Belgium, Italy and Montenegro, and on the other, Germany, Austria and Turkey. The war to date, according to conservative estimates compiled from the best available reports, has caused a loss to the various belligerents of more than six million men, dead, wounded and prisoners, and more than 500 ships. Of these about 120 were war vessels. The outstanding results on land are these: The greater portion of Belgium is under the control of Germany. Germany has been driven from the far east. A part of the Dardanelles is in the possession of the allied troops. Portions of France and Russia are in the possession of German troops. A strip of Alsace has been taken from Germany. On the continent of Africa parts of

DETAINED AS WITNESSES IN NEW YORK

ALLEGATION THAT THE ALLIES ARE GAINING RECRUITS IN AMERICA

(By Associated Press.)
SAN FRANCISCO, June 28.—Nine men were arrested in New York by the federal authorities in connection with alleged recruiting for the allies, and have been ordered held as "detained witnesses" by the federal court. The authorities say twenty-six men left here and fourteen others sailed from New York. All said they were British subjects. The men are being held under bond to appear before the grand jury which is investigating the matter.

OFFICIAL PROGRAM OF CELEBRATION

PLANS NEARLY COMPLETE AND IN DAY OR TWO WILL BE ANNOUNCED

The official program for the Fourth of July celebration is not yet complete. There are changes still to be made. IT WILL BE PUBLISHED COMPLETE in these columns, so that people may so arrange their time as to view the attractions in which they will take the greatest interest. Watch both pages one and four of the Bonanza for the announcement. It will not be made until officially adopted by the committee. The dates for each event will be given, as well as full description, including prizes offered. JULES SMITH was a passenger this morning for San Francisco.

SOUTHERN NYE A COMING REGION

RAISES ALL MANNER OF FRUITS AND GRAIN

SEMI-TROPIC VALLEY THAT IS BEING BROUGHT INTO PRODUCTIVITY

The southern extremity of Nye county is a veritable semi-tropic region, according to E. A. Kellier of Pahump, who is spending the day in Tonopah. Mr. Kellier is engaged in well boring operations in the Pahump valley and is greatly elated over the prospects for settlement of that region and development of its splendid agricultural resources. The land in that section of the county is all school land and may be purchased at nominal price from the state. Across the line in California, where similar conditions prevail in the valley, the lands homesteaded or taken up under the desert act. Water is very plentiful. There is a stream flowing down from the perennial snow banks of Charleston mountain that at present measures 65 second feet. The spring at the Pahump ranch is one of the marvels of the west. It is said to flow 3000 gallons a minute. The Pahump ranch company has about 12,000 acres and has a large portion of it under cultivation. Wils Broucher has started to break his land. He has 100 acres under cultivation this year and Frank Buol has a similar amount. There are about fifteen new settlers in the valley and a number of wells are being bored, which are used in addition to the flowing springs and the mountain streams to bring the soil under cultivation. The largest walnut and pecan trees in the state are in the Pahump valley while other nuts produced in the semi-tropic or temperate zones can be raised. Every variety of deciduous

GRAIN RESERVED FOR CIVILIANS

MILITARY GOVERNOR OF BELGIUM AGREES

ARRANGEMENT MADE THROUGH THE EFFORTS OF AMERICAN COMMISSION

(By Associated Press.)
LONDON, June 28.—Herbert Hoover, chairman of the American commission for the relief of Belgium, has concluded his agreement with General von Bissing, military governor of Belgium, providing that wheat and rye in the zone occupied by the Germans shall be reserved for the civilian population. British aviators have bombarded Smyrna. There were seventy casualties in the Turkish garrison. BEN H. STROTHER, Sr., arrived from Los Angeles Saturday on a visit to his son, Ben Strother, of the Lothrop-Davis company. Fruit is a success, as well as small cereals. Corn is not a great success because it is better to plant grain that can utilize irrigation water in the winter months, when there is a considerable flow of water that is not otherwise utilisable. Grapes produce well and cotton is successfully grown. Figs are now ripe. Watermelons and cantaloupes mature early and are delicious. Attempts have been made to cultivate citrus fruits, but frosts damage them usually. Alfalfa is one of the staple crops. Five or six cuttings a year is the usual amount. Pahump is situated only 25 miles from Shoshone, the nearest railroad station. As soon as there are enough users, a power line will be built in. The juice will be used for pumping water for irrigation. It is only twenty miles from the nearest point that the power line will be run to the Lothrop-Smith property.

REAL REASON IS GIVEN FOR LEADER'S COMING

Revolutionists for Some Time Have Been Conducting a Junta at El Paso

(By Associated Press.)
WASHINGTON, June 28.—Details of a plot to restore the Huerta regime to Mexico, which was nipped in the bud by the United States, today began trickling out through the net of official secrecy, while Huerta and Pascual Orozco, his chief lieutenant, are under federal detention at El Paso. Other Mexicans, nearly a score of whom had a share in the plot, and probably some Americans, are under surveillance by the department of justice. Secretary Lansing is endeavoring to ascertain the financial backers of the new revolution. It is believed the coup was to have the financial support of prominent American interests. For weeks a party of Mexicans, styled by Carranza as "Huertistas," and "Cientificos," have maintained an active junta at El Paso, communicating with Huerta and others in New York, and maintaining among themselves the form of a provisional government.

HUERTA SAYS HE HAS STATEMENT

WILL BE MADE AFTER HIS HEARING

REITERATES THAT HE WILL NOT ENTER MEXICO CITY WITH AN ARMED FORCE

(By Associated Press.)
EL PASO, June 28.—Huerta today reiterated that he would not enter Mexico City heading an armed force. "I have a statement to make after my hearing Thursday," he said. Many Mexicans have called to see Huerta.

QUIETUS PUT ON MEXICO FACTIONS

HUERTA'S PROFFERED SERVICES REJECTED

ITURBIDE INFORMED THAT HE WAS NOT A DESIRABLE FAC- TOR IN POLITICS

(By Associated Press.)
WASHINGTON, June 28.—It is disclosed that Iturbide rejected Huerta's proffered services. Washington has been informed that he would be non grata if he re-entered politics. It is said that Iturbide later accepted Huerta's aid without acknowledging his leadership. The government's intention is that no more revolutionary factions shall be introduced in Mexico.

MISS LYNCH AGAIN TAKES FIRST PLACE

RACE FOR GODDESS OF LIBERTY GROWS EXCITING AS TIME PASSES

It is still anybody's race for the coveted prize, being chosen as Goddess of Liberty for the Fourth of July celebration. It is barely possible that the winner will be one not yet entered, although the time is getting brief for the nominations and the leaders are making rapid progress. At the count made last evening following was the standing of the various candidates: Elizabeth Lynch 2114, Elizabeth Mervin 2069, Lucile Murphy 1612, Vena Fraser 1475, Grace Fowler 1350, Mary Harrington 555, Florence Moore 590, Mamie Lamb 590. J. K. TURNER, mine manager for the Jumbo Extension company, was over from Goldfield yesterday. A. G. THOMPSON of Mina is registered at the Mispah.

HORRORS OF SIEGE

Mexico City is Said to be Cut Off

NO FOOD IN CITY

ADDED TERRORS TO THOSE OF THE TRAGIC TEN DAYS PRE- CEDING THE OVERTHROW OF MADERO

(By Associated Press.)
WASHINGTON, June 28.—Further confirmation of the report that Carranza's army was defeated while advancing on Mexico City has been received. It is said that fighting is continuing in the outskirts of the city and there is a repetition of the "tragic ten days" which preceded the overthrow of Madero, with added horrors, it is feared. Carranza is rushing reinforcements to the scene. There is no food in Mexico City and communication has been severed, said the dispatches.

LEDGE IS REACHED IN MONARCH-PITTS

BOTH CROSSCUTS CUT QUARTZ IN PROPERTY ALMOST SIMULTANEOUSLY

The showing in the Monarch Pittsburg Extension property is reported as very favorable today. Two crosscuts were started by Superintendent Smith at the same time. Both were run north. The westerly cut drove into the ledge yesterday and today the easterly cut did likewise. In the former crosscut, which has penetrated farther, the rock looks like ore, containing black sulphides. It has not yet been run for values.
